SAFETY ARABIA FOR TRADING & CONTRACTING COMPANY

PROFILE

Safety Arabia Co. LLC, was established in 2002 as a Contracting Co. for Road Marking installation contracts foreseeing the extraordinary-unique developments in the highways construction and maintenance all around Kingdom. The management established Road Paint Manufacturing in 2004 that proved to be worthwhile and contributed well in saving cost on material for road marking business as well as a separate profitable business for the company. Further diversifications are planned on the anvil.

ACTIVITIES

Having some of the most modern types of imported equipment, skilled manpower, quality control, supervision, etc. we can take up projects of the any nature and successfully complete it in stipulated time schedule, according to any international standards and meet any challenges in this field. Being associated with our various departments of production of paint within the perimeters of our factory complex ensures fast delivery of materials. Various projects belonging to different ministries, especially MOC, MOI, MODA, Municipalities, Hospitals, Housing Complexes, Universities, ABV Rock Group, etc, have been successfully completed to the client's entire satisfaction. It is also to be noted that regular visit by our technical and marketing personal to various international exhibitions; trade fair and traffic management training help us get abreast of latest technology developments.

OUR CLIENTS

OUR SECTORS

CLASIFIED CLIENTS

Thanks to our professionalism the Saudi Aramco relies on our service to execute the Road Marking of its various facilities.
